Volume 8 Issue 3 | JNIS March 2016

Commentary

221 Stroke is ascendant: is it time for TICI to be more than just a score?

Ischemic stroke

224 Predictors of poor outcome despite recanalization: a multiple regression analysis of the NASA registry

230 Direct aspiration first pass technique for the treatment of acute ischemic stroke: initial experience at a European stroke center

235 Relative CBV ratio on perfusion-weighted MRI indicates the probability of early recanalization after IV t-PA administration for acute ischemic stroke
S-W Sohn, H-S Park, J-K Cha, D-H Kim, M-J Kang, J-H Choi, H-W Nah, J-T Huh

Hemorrhagic stroke

240 Endovascular therapy of wake-up strokes in the modern era of stent retriever thrombectomy

244 Force and aspiration analysis of the ADAPT technique in acute ischemic stroke treatment
Y C Hu, M F Szefel

247 Transradial access in acute ischemic stroke intervention
D C Haussen, R G Nogueira, K G DeSouza, R N Patford, N Jannia, K N Ranals, E C Peterson, M S Elhammady, D R Yavagal

251 Clinical significance of the circle of Willis in intracranial atherosclerotic stenosis
K M Kim, H-S Kang, W J Lee, Y D Cho, J E Kim, M H Han

256 Rates of local procedurally-related structural injury following clipping or coiling of anterior communicating artery aneurysms
A M Mortimer, B Steinfort, K Faulder, T Erho, D B Scherman, P J Rao, T Harrington

265 Neurological outcomes and cure rates of embolization of brain arteriovenous malformations with n-butyl cyanoacrylate or Onyx: a meta-analysis
A Elsencass, V A Aletich, A Alaraj

New devices

273 SILK flow diverter for complex intracranial aneurysms: a Canadian registry
J J S Shankar, D Tampien, D Ianu, M Cortes, R Ageul, T Krings, J Wong, P Lavoue, J Ghos tine, B Shettar, K Ritchie, A Well

279 Flow diversion of large internal carotid artery aneurysms with the surpass device: initial experience at a European stroke center

284 Flow diversion of large intracranial aneurysms with the Onyx coiling system: initial experience at a North American institution
A M Mortimer, B Steinfort, K Faulder, T Erho, D B Scherman, P J Rao, T Harrington
Flow diverter device for the treatment of small middle cerebral artery aneurysms
F Briganti, L Delhaye, G Leone, C Sicignano, G Buono, M Marseglia, F Catani, F Tortora, F Maiuri

The Trevo XP 3×20 mm retriever (‘Baby Trevo’) for the treatment of distal intracranial occlusions
D C Haussen, A Lima, R G Nogueira

4D DSA a new technique for arteriovenous malformation evaluation: a feasibility study
C Sandoval-Garcia, K Royalty, P Yang, D Niemann, A Ahmed, B Aagaard-Kienitz, M K rajkaya, S Schafer, C Ströther

Efficacy of high-resolution cone-beam CT in the evaluation of carotid atheromatous plaque
J Tanabe, M Tanaka, K Kadooka, H Hadeishi

Computational fluid dynamics with stents: quantitative comparison with particle image velocimetry for three commercial off the shelf intracranial stents
P Bouillot, O Brina, R Ouared, H Yilmaz, K-O Lovblad, M Farhat, V M Pereira

A predictive model of hospitalization cost after cerebral aneurysm clipping
K Bekelis, S Missios, T A MacKenzie, N Ladopoulou, D W Roberts

Spine
An overview of clinical associate roles in the neurointerventional specialty

Use and evaluation of a semi-permeable mesh implant in vertebral augmentation for the treatment of painful osteoporotic vertebral compression fractures
A O Oniz

Emergency placement of stent-graft for symptomatic acute carotid artery occlusion after endarterectomy
J K Ko, C H Choi, S W Lee, T H Lee

Successfully treated symptomatic fusiform basilar artery aneurysm in a patient with hindbrain malformation via inverted Y-stenting
A S Panakal, D T Ginat, S-K Lee

Endovascular treatment of jugular bulb diverticula causing debilitating pulsatile tinnitus
A M Mortimer, T Harrington, B Stenfort, K Faulder

Improvement of sudden bilateral hearing loss after vertebral artery stenting
J H Kim, K J Roh, S H Suh, K-Y Lee
