Contents

Editor’s column
333 The multi-specialty problem
J Mocco

Editorial
334 ‘Last known well’ alone should not determine triage for patients with stroke and symptoms of large vessel occlusion
D V Heck, J C Grotta

Ischemic stroke
336 Weekend effect in endovascular stroke treatment: do treatment decisions, procedural times, and outcome depend on time of admission?
O Niciobashman, T Preist, K Schimann, A E Orthman, O Matz, M-A Beckmann, M Müller, W Müss, A Reich

Streamlining door to recanalization processes in endovascular stroke therapy

Combined proximal balloon occlusion and distal aspiration: a new approach to prevent distal embolization during neurothrombectomy
S Szompfl, J Pfiff, C Herve, M Pham, S Schucker, P A Ringlek, M Bendszus, M A Milbrenlev

Primary acute stroke thrombectomy within 3 h for large artery occlusion (PAST3-LAO): a pilot study
Y Lodi, V Reddy, C Petro, A Devanesanphathy, A Housni, C A Chou

Telestroke: the promise and the challenge. Part one: growth and current practice
F Aflaki, J A Hirsch, R V Chandra, D Frei, A B Patel, J D Rahnow, N Rost, L H Schwamm, T M Leslie-Mazwi

Telestroke: the promise and the challenge. Part two: expansion and horizons
F Aflaki, J A Hirsch, R V Chandra, D Frei, A B Patel, J D Rahnow, N Rost, L H Schwamm, T M Leslie-Mazwi

Complete reperfusion mitigates influence of treatment time on outcomes after acute stroke

Hemorrhagic stroke
370 Predicting intraprocedural rupture and thrombus formation during coiling of ruptured anterior communicating artery aneurysms
L Fan, B Lin, T Xu, N Xia, X Shao, X Tan, M Zhong, Y Yang, B Zhao

376 Hemodynamic differences between unstable and stable unruptured aneurysms independent of size and location: a pilot study
W Bringgj, B Jiang, C Jannezev, C Poinam, D F Kallmes, J R Cebal

381 A rare but morbid neurosurgical target: petrous aneurysms and their endovascular management in the stent/flow diverter era
B A Gross, K Moon, A F Ducruet, F C Albuquerque

Neuroimaging
384 Analysis of radiation doses incurred during diagnostic cerebral angiography after the implementation of dose reduction strategies
T Schneider, E Wyse, M S Pearl

389 DSA-Dynavision in pretreatment planning for coil embolization of indirect carotid-cavernous fistula
A Botsford, J J S Shankar

394 Distinction between contrast staining and hemorrhage after endovascular stroke treatment: one CT is not enough
S Debeyzer, O Niciobashman, B Linan, J D Gevora, E Vancaester, S D Blauwe, D Hemelsot, M Wiszmann, L Defreyn

399 In vitro comparison of intracranial stent visibility using various concentrations of gadolinium contrast agent under 1.5 T and 3 T MR angiography

Contents

Spine
405  Concomitant origin of the anterior or posterior spinal artery with the feeder of a spinal dural arteriovenous fistula (SDAVF)
  Y Adrianto, K H Yang, H-W Koo, W Park, S C Jung, J E Park, K-K Kim, S R Jeon, D C Suh

New devices
411  Initial and mid-term results from 108 consecutive patients with cerebral aneurysms treated with the WEB device
  C Clajus, C Strasilla, T Fiebig, V Sychra, D Fiorella, J Klisch

419  Safety, immediate and mid-term results of the newer generation of hydrogel coils in the treatment of ruptured aneurysms: a multicenter study
  G Dabus, L Hacein-Bey, B Vanjavaad, R Dana Tomalty, P P Han, V Yerokhin, J Linfante, J Mocco, T Oxley, A Spiotta, M Imran Chaudry, R D Turner, A S Turk

Letter to the editor
425  Could we clinicians be the greatest barrier to real progress in our field?
  T E Darsaut, R Fahed, J Raymond

Electronic pages
E13  Delayed subarachnoid hemorrhage 7 years after cerebellar infarction from traumatic vertebral artery dissection
  M A Silva, A P See, P Khandelwal, N J Patel, M A Aziz-Sultan

E14  Paradoxical cerebral air embolism causing large vessel occlusion treated with endovascular aspiration
  P J Belton, A Nanda, S L Alqadri, G S Khakh, P N Chandrasekaran, C Newey, W E Humphries

E15  Separate origins of the left internal and external carotid arteries from the aortic arch and cervical internal carotid artery aneurysm in a patient with Noonan syndrome
  R A Tahir, K Asmaro, A Pabaney, M Kole, T Nypaver, H Marin

E16  Rapid delayed growth of ruptured supraclinoid blister aneurysm after successful flow diverting stent treatment
  S T Lang, Z Assis, J H Wong, W Morris, A P Mitha
