Editorial
525 In defense of our patients
S Hussain, D Fiorella, J Mocco, A Arthur, I Linfante, C Zipfel, H Woo, D Frei, R Nogueira, F C Albequerque, on behalf of the Society of Neurointerventional Surgery, the Cerebrovascular Section of the American Association of Neurological Surgeons and the Congress of Neurological Surgeons, and the Society of Vascular and Interventional Neurology

Commentary
527 PHASES and the natural history of unruptured aneurysms: science or pseudoscience?
T Darsaut, R Fahed, J Raymond

Ischemic stroke
529 Correlation of imaging and histopathology of thrombi in acute ischemic stroke with etiology and outcome: a systematic review

535 Mechanical thrombectomy for anterior circulation stroke: 5-year experience in a statewide service with differences in pretreatment time metrics across two hospitals sites
R Kalb, T J Phillips, J L Saw, C C Phatouros, T P Singh, G J Hankey, D Blacker, D Oshin, D Premise, W McAuliffe

541 Two-year single-center experience with the ‘Baby Trevo’ stent retriever for mechanical thrombectomy in acute ischemic stroke

547 Wire escalation in emergent revascularization procedures of internal carotid artery occlusions: the use of high tip stiffness microcatheters
J E Cohen, R R Leker, J M Gomori, I Iwashayk

Hemorrhagic stroke
553 Endovascular treatment of intracranial aneurysms with the LiVIS device: a systematic review
X Zhang, J Zhong, H Gao, F Xu, N C Bandtbaekida

558 Endovascular treatment for ruptured and unruptured vertebral artery dissecting aneurysms: a meta-analysis
J Guan, C Li, X Kong, C He, J Long, H Qiu, H Zhang, R Wang

New devices
571 Incidence of delivery wire recapture failure with the Pipeline Flex device
M A Mooney, K Moon, B A Gross, A F Ducruet, F C Albequerque

574 Mechanical thrombectomy with the ERIC retrieval device: initial experience

Head and neck
578 The dual microcatheter technique for transvenous embolization of dural arteriovenous fistulae
I J Abecasis, J D Nerva, B V Ghodke, J N Sekhar, M R Levitt, L J Kim

583 Dural carotid cavernous fistulas: endovascular treatment and assessment of the correlation between clinical symptoms and the Cognard classification system
J Grisaudze, J J Gemmete, A S Pandey, N Chaudhary

Clinical neurology
587 Patency of the vein of Labbé after venous stenting of the transverse and sigmoid sinuses
D M S Raper, D Dong, C J Chen, T J Buell, R W Crowley, K C Liu

590 In defense of our patients
S Hussain, D Fiorella, J Mocco, A Arthur, I Linfante, C Zipfel, H Woo, D Frei, R Nogueira, F C Albequerque, on behalf of the Society of Neurointerventional Surgery, the Cerebrovascular Section of the American Association of Neurological Surgeons and the Congress of Neurological Surgeons, and the Society of Vascular and Interventional Neurology

Patency of the vein of Labbé after venous stenting of the transverse and sigmoid sinuses
D M S Raper, D Dong, C J Chen, T J Buell, R W Crowley, K C Liu
Neuroimaging
591 Aneurysm outflow angle at MRA as discriminant for accurate diagnosis and differentiation between small sidewall cerebral aneurysms and infundibula
L-J Sun, Y-D Li, M-H Li, W Wang, B-X Gu

Socioeconomics
595 Contextualizing the first-round failure of the AHCA: down but not out

Spine
601 Intraoperative spinal digital subtraction angiography: indications, technique, safety, and clinical impact
E Orru', D E Sone, L Gregg, J-P Wolinsky, G I Jallo, A Bydon, R J Tamargo, P Gailloud

607 Clinical outcomes following corticosteroid administration in patients with delayed diagnosis of spinal arteriovenous fistulas
D M Nasr, W Brinjikji, A A Rabinstein, G Lanzino

Standards
611 Guidelines and parameters: percutaneous sclerotherapy for the treatment of head and neck venous and lymphatic malformations

Letter to the editor
618 PHASES and the natural history of unruptured aneurysms: science or pseudoscience?
G J E Rinkel, A Algra, J P Greving, M D I Vergouwen, N Eminna

Electronic pages
e21 Where did the clot go? An unusual complication of mechanical thrombectomy caused by malignancy related subclavian steal phenomenon in a patient with acute basilar artery occlusion
N Randhawa, J P Squires, M Kanwal S Heran, S K Mann

e22 Endovascular recanalization of the common carotid artery in a patient with radio induced chronic occlusion
L Nico, G Cester, F Viaro, C Baracchini, F Causin

e23 Aneurysmal wall imaging in a case of cortical superficial siderosis and multiple unruptured aneurysms
B Yalo, R Pop, I Zinchenko, M Diaconu, S Chirbaco, M Manisor, V Wolff, R Beaucheux

e24 A technical consideration when using flow diversion for recurrent aneurysms following stent-assisted coiling
J R Mascitelli, D Wei, T J Oxley, C P Kellner, H Shoieb, R A De Leacy, J Mocco, J T Fifi
