### Vascular neurology

564 Mechanical thrombectomy versus intravenous alteplase alone in acute isolated posterior cerebral artery occlusion: a systematic review  

568 Is concurrent intravenous alteplase in patients undergoing endovascular treatment for large vessel occlusion stroke cost-effective even if the cost of alteplase is only US$1?  
J M Osped, R McDonough, W G Kunz, M Goyal

### Ischemic stroke

546 Mechanical thrombectomy beyond the circle of Willis: efficacy and safety of different techniques for M2 occlusions  

551 Collateral status ref Perfusion and outcomes after endovascular therapy: insight from the Endovascular Treatment in Ischemic Stroke (ETIS) Registry  

558 Device size selection can enhance Y-stentingtive efficacy and safety as a rescue strategy in stroke thrombectomy  
L S Cabral, F Mont’Alverne, H C Silva, P E Passos Filho, P S C Magalhães, M M Banchin, R G Nogueira

### New devices and techniques

553 Perfusion-guided endovascular super-selective intra-arterial infusion for treatment of malignant brain tumors  
S R Chen, M M Chen, C Ene, F F Lang, P Kan

559 Robotics in neurointerventional surgery: a systematic review of the literature  
W Cinnimon, B Jackson, A Seed, J Lynch, C Berges, H Liu, K Rhode, V Mendes Pereira, T C Booth

### Hemorrhagic stroke

577 Safety and efficacy results of the Flow Redirection Endoluminal Device (FRED) stent system in the treatment of intracranial aneurysms: US pivotal trial  

585 The value of long-term angiographic follow-up following Pipeline embolization of intracranial aneurysms  
D C Lauzier, S J Cler, A R Clutterjee, J W Oshin, C J Moran, A P Kansagra

What is the impact of head movement on automated CT perfusion mismatch evaluation in acute ischemic stroke? A Potreck, F Sekes, M A Mutke, C S Weyland, C Herweh, S Heiland, M Bendszus, M Möhlenbruch.

The clear need for a prospective pediatric arteriovenous malformation trial. D C Lauzier, A Vellimana, A P Kansagra.

Correspondence on 'Intra-arterial chemotherapy for retinoblastoma: an updated systematic review and meta-analysis' by Ravindran et al. V Promelle, P Mathusson, S N Kletke, F Shaikh, B L Callie, A Mallipatna.
