

Cover image: Using a highly precise mechanism, plasma mediated radiofrequency ablation allows for the molecular dissolution of the localized tissue with the creation of decreased heat as a byproduct compared with traditional radiofrequency. From Dasenbrock *et al.*, page 226.

PostScript

234 Book review: Principles of posterior fossa surgery
D H Jho, C S Ogilvy

234 Letter to the editor: Spinal cord angiography and Rene Djindjian
E J Russell

Electronic pages**Case reports**

e1 Treatment of a traumatic carotid—cavernous fistula by the sole use of a flow diverting stent
M Nadarajah, M Power, B Barry, J Wenderoth

e2 Computed tomographic perfusion imaging of non-hemorrhagic cerebral hyperperfusion syndrome and reversal following medical treatment after carotid artery angioplasty and stenting
R A Vasquez, M F Waters, C J Skowlund, J Mocco, B L Hoh

e3 Cerebellar hemangioblastoma supplied by persistent hypoglossal artery
M J Binning, A H Siddiqui

e4 Treatment of two blood blister-like aneurysms with flow diverter stenting
A Consoli, S Nappini, L Renieri, N Limbucci, F Ricciardi, S Mangiafico

e5 Dural tentorial arteriovenous fistula causing isolated trochlear nerve palsy: remission after endovascular embolization
G Mariniello, F Briganti, P Vergara, F Maiuri

e6 Small unruptured partially thrombosed aneurysms and stroke: report of three cases and review of the literature
M Mokin, Z Darkhabani, M J Binning, E I Levy, A H Siddiqui

e7 Treatment of a intracranial stenosis with a vulnerable plaque under proximal flow reversal with balloon angioplasty and stent placement
M C Gao, J J Gemmete, A S Pandey, N Chaudhary

e8 Undulating microcatheter tip motion with respiratory cycle during intracranial aneurysm embolization: description of a case and strategy for its mitigation
J X Chen, A Gottschalk, S Kathuria, D Gandhi

e9 Anomalous course of the intracranial internal carotid artery into the orbit: case report
S L Blackburn, M Dannenbaum, A J Schuette, J Dion

e10 Infectious mid basilar artery aneurysm from *Pseudomonas* meningitis
W Yu, K Rickert, B Flores, D Samson
